

Entrusted Items Concerning Preparation of Draft Proposals for JIS

Newly Established

| Divisional Council | T i t l e | Assigned Organization | Contact |
|--------------------|---|---|---------|
| Civil Engineering | Temporary Facilities for Slope Protection Works | Alliance Cooperation of Construction Equipment & Scaffolding for Safety | A |
| Architecture | Acoustics-Laboratory measurements of the reduction of transmitted impact sound by floor coverings on a solid standard floor Party 2 : Method using standard heavy impact source | Japan Testing Center for Construction Materials | A |
| Non-Ferrous Metals | Thermal spraying-powders Composition and technical supply conditions | Japan Thermal Spraying Society | A |
| Non-Ferrous Metals | Thermal spraying-Wires rods cords for flame and arc spraying-classification-Technical supply condition | Japan Thermal Spraying Society | A |
| Non-Ferrous Metals | Methods for Estimating Average Grain Size of Wrought Magnesium and Magnesium-Alloys | Japan Magnesium Association | A |
| Non-Ferrous Metals | Magnesium Alloys sheet for forming process | Japan Magnesium Association | A |
| Non-Ferrous Metals | AC loss measurements- Total AC loss measurement of Cu/Nb-Ti composite superconducting wires | International Superconductivity Technology Center | A |
| Non-Ferrous Metals | AC loss measurements- Magnetometer methods for hysteresis loss in Cu/Nb-Ti multifilamentary composites | International Superconductivity Technology Center | A |
| Non-Ferrous Metals | Residual resistance ratio measurement- Residual resistance ratio of Nb ₃ Sn composite superconductors | International Superconductivity Technology Center | A |
| Non-Ferrous Metals | Measurements for bulk high temperature superconductors- Trapped flux density of large grain oxide superconductors | International Superconductivity Technology Center | A |
| Chemical Analysis | Plastics-Polyurethane raw materials-Determination of isocyanate | The Japan Plastics Industry Federation | A |
| Chemical Analysis | Plastics-Aromatic isocyanates for use in the production of polyurethane-Determination of acidity | The Japan Plastics Industry Federation | A |
| Chemical Analysis | Plastics-Aromatic isocyanates for use in the production of polyurethanes-Determination of hydrolyzable chlorine in isocyanates | The Japan Plastics Industry Federation | A |
| Chemical Products | Determination of the volatile organic compound (in-can VOC) content of water based emulsion paints | Japan Paint Manufacturers Association | A |

| | | | |
|------------------------------------|--|---|---|
| Chemical Products | Plastics-Injection moulding of test specimens of thermoplastic materials-Part 5 : Preparation of standard specimens for investigating | The Japan Plastics Industry Federation | A |
| Chemical Products | Plastics-Determination of burning behaviour by oxygen index-Part 3: Elevated-temperature test | The Japan Plastics Industry Federation | A |
| Chemical Products | Plastics-Determination of average molecular mass and molecular mass distribution of polymers using size-exclusion chromatography-Part2: Universal calibration method | The Japan Plastics Industry Federation | A |
| Chemical Products | Plastics-Determination of average molecular mass and molecular mass distribution of polymers using size-exclusion chromatography-Part4: High-temperature method | The Japan Plastics Industry Federation | A |
| Chemical Products | Plastics-Determination of the degree of disintegration of plastic materials under simulated composting conditions in a laboratory-scale | The Japan Plastics Industry Federation | A |
| Chemical Products | Perfluoroalkoxy-Fluorocarbon Resin(PFA) Tube | The Japan Plastics Industry Federation | A |
| Chemical Products | Plastics-Epoxy resins-Test methods | The Japan Plastics Industry Federation | A |
| Chemical Products | Rubber-Analysis by pyrolytic gas-chromatographic method-Part 2: Determination of styrene/butadiene/isoprene ratio | The Japan Rubber Manufacturers Association | A |
| Chemical Products | Styrene-butadiene rubber, Determination of microstructure of solution polymerized SBR | The Japan Rubber Manufacturers Association | A |
| Chemical Products | Rubber compounding ingredients-Silica-test methods | The Japan Rubber Manufacturers Association | A |
| Chemical Products | Environmental Safty of Biodegradable Plastics-Part 1 : | The Japan Plastics Industry Federation | A |
| Ceramics | Glass in building-Forced entry security glazing-Test and classification by Repetitive ball drop | Flat Glass Manufacturers Association of Japan | A |
| Ceramics | Methods for chemical analysis of boron-carbide powder for refractories | The Technical Association of Refractories, Japan | A |
| Machine Elements | Fasteners-Torque/clamp force testing | The Japan Research Institute for Screw Threads and Fasteners | A |
| Machine Elements | Hand torque tools-Requirements and test methods for design conformance testing, quality conformance testing and recalibration | Japan Measuring Instruments Federation | A |
| Machinery Element | Bolt Tightening Guidelines for Pressure Boundary Flanged Joint | High Pressure Institute of Japan | A |
| Machinery Element | Test Method for Sealing Behavior of Gaskets for Pipe Flanges | High Pressure Institute of Japan | A |
| Testing and Measurement Technology | Automated measuring systems for exhaust gas using non-extractive methods | Japan Electric Measuring Instruments Manufacturers' Association | A |

| | | | |
|-------------------------------------|--|---|---|
| Testing and Measurement Technology | Determination of volatile organic carbons in emission gas | Japan Electric Measuring Instruments Manufacturers' Association | A |
| Industrial Machinery | Compressed air-Part7:Test methods for viable microbiological contaminant content | Japan Fluid Power Association | A |
| Industrial Machinery | Technical specifications for centrifugal pumps (Class 1,2,3) | The Japan Society of Industrial Machinery Manufacturers | A |
| Road Vehicles | Lane Departure Warning Systems | Society of Automotive Engineers of Japan, Inc. | A |
| Railways and Rolling Stocks | Combined testing of alternating current motors, fed by an indirect convertor, and their control system | Japan Association of Rolling Stock Industries | A |
| Railways and Rolling Stocks | Electric equipment for rolling stock-Protective provisions against electrical hazards | Japan Association of Rolling Stock Industries | A |
| Railways and Rolling Stocks | Combined testing of inverter-fed alternating current motors and their control system | Japan Association of Rolling Stock Industries | A |
| Logistics and Distribution of Goods | Packaging-Requirements for the Environmentally Conscious Packaging and Packaging waste | Japan Packaging Institute | A |
| Consumer Life Products | Software ergonomics for multimedia user interfaces-Part2: Multimedia navigation and control | The Japan Ergonomics Society | B |
| Consumer Life Products | Ergonomic design of control centres-Part 6 : Environmental requirements for control centres | The Japan Ergonomics Society | B |
| Consumer Life Products | Ergonomics-Evaluation of thermal strain by physiological measurements | The Japan Ergonomics Society | B |
| Consumer Life Products | Test methods for weathering fastness to Xenon-arc lamp and open-flame carbon-arc lamp | Suga Weathering Technology Foundation | B |
| Pulp and Paper | Recycled pulps-Estimation of Stickies and Plastics-Image analysis method | JAPAN TAPPI | B |
| Pulp and Paper | Pulp, paper and board-Determination of total chlorine and organically bound chlorine | JAPAN TAPPI | B |
| Medical Equipment | Standard Specification for Labeling and Marking of Cuffed and Uncuffed Tracheal Tubes and Related Treatments Intended for Use During Laser Surgery | Japan Association of Medical Equipment Industries | B |
| Medical Equipment | Tracheobronchial tubes-Recommendations for size designation and labelling | Japan Association of Medical Equipment Industries | B |
| Medical Equipment | Sleep apnoea breathing therapy-Part 1: Sleep apnoea breathing therapy devices | Japan Association of Medical Equipment Industries | B |

| | | | |
|----------------------------------|--|---|---|
| Medical Equipment | Sleep apnoea breathing therapy-Part 2: Masks and application accessories | Japan Association of Medical Equipment Industries | B |
| Medical Equipment | Transportable liquid oxygen systems for medical use | Japan Association of Medical Equipment Industries | B |
| Medical Equipment | Pressure regulators and pressure regulators with flow-metering devices for medical gas systems | Japan Association of Medical Equipment Industries | B |
| Medical Equipment | Oxygen cannula | Japan Association of Medical Equipment Industries | B |
| Medical Equipment | Hemodialysis apparatus | Japan Association of Medical Material Device and Industries | B |
| Assistive Technology | Guidelines for all people including elderly and people with disabilities- Packaging-Evaluation methods | Japan Packaging Institute | B |
| Assistive Technology | Chairs and seats with a special mechanism to assist standing up or sitting down | Japan Assistive Products Association | B |
| Environment and Recycling Policy | Testing method for nonylphenol in industrial water and wastewater | Japan Industrial Water Association | B |
| Electrial Technology | Specification for cellulosic papers fiber for electrical purpose | Japan Electrical Insulating and Advanced Performance Materials Industrial Association | C |
| Electrial Technology | Specification for vulcanized fiber for electrical purpose | Japan Electrical Insulating and Advanced Performance Materials Industrial Association | C |
| Electrial Technology | Specification for pressboard and presspaper for electrical purpose | Japan Electrical Insulating and Advanced Performance Materials Industrial Association | C |
| Electrial Technology | Arc welding equipment-Part:7 torches | The Japan Welding Engineering Society | C |
| Electrial Technology | Hand-held motor-operated electric tools-Safety-Part 2-20:Particular requirements for band saws | The Japan Electrical Manufacturers' Association | C |
| Electricity | Arc welding equipment - Part 1: Arc welding power sources | THE JAPAN WELDING ENGINEERING SOCIETY | C |
| Electricity | Arc welding equipment-Part 6: Limited duty manual metal arc welding power source | THE JAPAN WELDING ENGINEERING SOCIETY | C |
| Information Technology | Information technology -- Telecommunication and information exchange between systems -- Near Field Communication interface and Protocol-2(NFCPI-2) | Information Processing Society of Japan | C |

| | | | |
|------------------------|--|---|---|
| Information Technology | Information technology -- Telecommunication and information exchange between systems -- NFCPI-1 -- RF interface test methods | Information Processing Society of Japan | C |
| Information Technology | Identification cards Integrated circuit cards Part 11: Personal verification through biometric methods | Japan Business Machine and Information System Industries | C |
| Industrial Automation | Industrial automation systems and integration-Manufacturing software capability profiling for interoperability | Corporate NPO precise science and technology network | C |
| Industrial Automation | Enterprise-Control System integration - Part 1 Models and Terminology | Japan Electric Measuring Instruments Manufacturers' Association | C |
| Industrial Automation | Technical Terms and Definitions in Micromachine/MEMS Technology | Micromachine center | C |
