

Entrusted Items Concerning Preparation of Draft Proposals for JIS

Newly Established

Divisional Council	T i t l e	Assigned Organization	Contact
Welding	Welding and allied processes-Vocabulary-Part1 : General	The Japan Welding Engineering Society	A
Welding	Welding and allied processes-Vocabulary-Part2 : Welding processes	The Japan Welding Engineering Society	A
Basic	Acoustics - High-frequency noise emitted by machinery and equipment - Measurement of emission sound pressure levels at a work station and at other specified positions - Engineering method in an essentially free field over a reflecting plane	National Institute of Advanced Industrial Science and Technology	A
Chemical Products	Plastics-Determination of puncture impact behaviour of rigid plastics- Part1:Non-instrumented impact testing	Japan Plastic Industry Federation	A
Industrial Machinery	Safety of machinery Pressure-sensitive protective devices Part1:General principles for design and testing of pressure-sensitive mats and pressure-sensitive floors	The Japan Machinery Federation	A
Industrial Machinery	Earth-moving machinery -- Safety -- Part 6: Requirements for cable excavators	Japan Construction Mechanization Association	A
Industrial Machinery	Mobile road construction machinery -- Safety -- Part 6: Requirements for	Japan Construction Mechanization Association	A
Industrial Machinery	Asphalt mixing plants -- Safety requirements	Japan Construction Mechanization Association	A
Industrial Machinery	Bituminous binder spreaders/sprayers -- Safety requirements	Japan Construction Mechanization Association	A
Industrial Machinery	Drill rigs -- Safety requirements	Japan Construction Mechanization Association	A
Industrial Machinery	Unshielded tunnel boring machines and rodless shaft boring machines for rock -- Safety requirements	Japan Construction Mechanization Association	A
Industrial Machinery	Mobile crushers -- Safety requirements	Japan Construction Mechanization Association	A
Road Vehicles	Road vehicles - Fuel injection pump testing - Part1: Dynamic conditions	Society of Automotive Engineers of JAPAN, INC.	A
Road Vehicles	Road vehicles - Fuel injection pump testing - Part2: Statiic conditions	Society of Automotive Engineers of JAPAN, INC.	A
Road Vehicles	Road vehicles Fuel injection pump testing Part 3: Application and test procedures	Society of Automotive Engineers of JAPAN, INC.	A

Entrusted Items Concerning Preparation of Draft Proposals for JIS

Newly Established

Divisional Council	T i t l e	Assigned Organization	Contact
Road Vehicles	Road vehicles - 42V system - Electrical loads for electrical and electronic equipment	Society of Automotive Engineers of JAPAN, INC.	A
Road Vehicles	Diesel engines - Fatty acid methyl ester (FAME) for mixing in diesel fuel	Society of Automotive Engineers of JAPAN, INC.	A
Consumer Life	Guidelines for all people including elderly and people with disabilities - Packaging and receptacles - Tactile indication for identification	Japan Packaging Institute	B
Consumer Life	Guidelines for all people including elderly and people with disabilities - Packaging and receptacles - Evaluation method by user	Japan Packaging Institute	B
Management System,	Greenhouse gases -- Requirements for greenhouse gas validation and verification bodies for use in accreditation or other forms of recognition	Japan Environmental Management Association for Industry	G
Management System,	Information technology-Security techniques-ISMS(Information security management systems) implementation guidelines	Japanese Standards Association	G
Management System,	Information technology-Security techniques-Information security management measurements	Japanese Standards Association	G
