

Entrusted Items Concerning Preparation of Draft Proposals for JIS

Newly Established

Divisional Council	T i t l e	Assigned Organization	Contact
Basic Technology	Test method of filter media for dust collection Part 2: Sampling and test methods for durability	The Association of Powder Process Industry and Engineering, Japan	A
ceramics	Statistical analysis for influence of machining damage on strength of fine ceramics	Japan Fine Ceramics Association	A
Weight and Measures	Optics and optical instruments—Ancillary devices for geodetic instruments—Tribrachs	Japan Surveying Instruments Manufacturers' Association	A
Weight and Measures	Illuminance meters Part2:Legal measuring instruments	The Illuminating Engineering Institute of Japan	A
Weight and Measures	Marks for survey and boundary—Part 1: Concrete stakes	Japan Surveying Instruments Manufacturers' Association	A
Weight and Measures	Marks for survey and boundary—Part 2:Recycled plastics stakes	Japan Surveying Instruments Manufacturers' Association	A
Weight and Measures	Marks for survey and boundary— Part 3:Metal markers	Japan Surveying Instruments Manufacturers' Association	A
Weight and Measures	Glass thermometers for general—Part 1 : General measuring instruments	Japan Measuring Instruments Federation	A
Weight and Measures	Glass thermometers for general—Part 2 : Legal measuring instruments	Japan Measuring Instruments Federation	A
Weight and Measures	Beckmann thermometers	Japan Measuring Instruments Federation	A
Weight and Measures	Density hydrometers—Part1:General measuring instruments	Japan Measuring Instruments Federation	A
Weight and Measures	Density hydrometers—Metrological and technical requirements and tests — Part2:Legal measuring instruments	Japan Measuring Instruments Federation	A
Weight and Measures	Hydrometer—typ relative densitymeters—Metorogical and technical requirement and tests—Part1:General measuring instrument	Japan Measuring Instruments Federation	A
Weight and Measures	Specific gravity hydrometers—Metrological and technical requirements and tests—Part2:Legal measuring instruments	Japan Measuring Instruments Federation	A

Weight and Measures	Liquefied petroleum gases hydrometers—Part1:General measuring instruments	Japan Measuring Instruments Federation	A
Weight and Measures	Alcohol hydrometers—Metrological and technical requirements and tests	Japan Measuring Instruments Federation	A
Weight and Measures	Stationary fuel oil flow meters	Japan Measuring Instruments Federation	A
Weight and Measures	Test procedures for germanium gamma-ray detectors	Japan Electric Measuring Instruments Manufacturers' Association	A
Consumer Life	Ergonomics design of control centres – Part6:Environmental requirements for control centres(IDT)	Japan Ergonomics Society	B
Consumer Life	Ergonomics Software for multimedia user interfaces – Part2:Multimedia navigation and control	Japan Ergonomics Society	B
Medical	Medical electrical equipment—Part2:Particular requirements for the safety of electric potential equipment	Japan Industrial Association of Physical Therapy Device	B
Electronics	Software dependability through the software life-cycle Processes – Application guide	Japanese Standard Association	C
Electronics	Dependability management – Part3-1: Application guide – Analysis techniques for dependability—Guide on methodology	Japanese Standard Association	C
Electronics	Dependability management – Part3-2: Application guide – Collection of dependability data from the field	Japanese Standard Association	C
Electronics	Dependability management – Part 3-3: Application Guide – Life cycle costing	Japanese Standard Association	C
Electronics	Fixed capacitors for use in electronic equipment – Part 14-2: Blank detail specification:Fixed capacitors for electromagnetic interference suppression and connection to the supply mains – Safety tests only	Japan Electronics & Information Technology Industries Association	C
Electronics	Fixed capacitors for use in electronic equipment – Part 14-3: Blank detail specification: Fixed capacitors for electromagnetic interference suppression and connection to the supply mains – Assessment level DZ	Japan Electronics & Information Technology Industries Association	C
Electronics	High frequency inductive components – Non-electrical characteristics and measuring methods – Part 2 : Test methods for non-electrical characteristics	Japan Electronics & Information Technology Industries Association	C
Electronics	Fixed inductors for use in electronic and telecommunication equipment – Marking codes	Japan Electronics & Information Technology Industries Association	C
Electronics	Workmanship requirements for soldered electronic assemblies – Part 1: General	Japan Electronics & Information Technology Industries Association	C

Electronics	Workmanship requirements for soldered electronic assemblies – Part 2: Surface-mount assemblies	Japan Electronics & Information Technology Industries Association	C
Electronics	Workmanship requirements for soldered electronic assemblies–Part 3: Through-hole mount assemblies	Japan Electronics & Information Technology Industries Association	C
Electronics	Workmanship requirements for soldered electronic assemblies – Part 4: Terminal assemblies	Japan Electronics & Information Technology Industries Association	C
Electronics	Environmental testing – Part 2: tests Test Ta Soldering – Solderability testing by the wetting balance method	Japan Electronics & Information Technology Industries Association	C
Information	Information technology – Data interchange on 120 mm and 80 mm Optical Disk using +R format – Capacity: 4,7 and 1,46 Gbytes per side (recording speed up to 8X)	Optoelectronic Industry and Technology Development Association	C
Information	Information technology – Data interchange on 120 mm and 80 mm optical disk using +RW format – Capacity: 4,7 Gbytes and 1,46 Gbytes per side (Recording speed up to 4X)	Optoelectronic Industry and Technology Development Association	C
Information	Recordable Compact Disc (CD-R) Systems	Optoelectronic Industry and Technology Development Association	C
Information	Rewritable Compact Disc (CD-RW) Systems	Optoelectronic Industry and Technology Development Association	C
Information	Volume and file structure of DVD rewritable Disc (DVD-RAM)	Optoelectronic Industry and Technology Development Association	C
Information	Volume and file structure of DVD Recordable Disc (DVD-R)	Optoelectronic Industry and Technology Development Association	C
Information	Volume and file structure of DVD Re-recordable Disc (DVD-RW)	Optoelectronic Industry and Technology Development Association	C
Industrial Automation	Holler taper interface with flange contact surface – Part 1:Shanks – Dimensions	The Japan Machine Accessory Association	C
Industrial Automation	Holler taper interface with flange contact surface – Part 2:Receivres – Dimensions	The Japan Machine Accessory Association	C
Industrial Automation	Exterprise-Control System Integration – Part1 Models and terminology	The Japan Machine Accessory Association	C
