

Entrusted Items Concerning Preparation of Draft Proposals for JIS

Newly Established

Divisional Council	T i t l e	Assigned Organization	Contact
Steel	Stainless steel bars for concrete reinforcement	Japan Stainless Steel Association	A
Welding	Welding and allied processes–Vocabulary–Part3:Soldering and brazing	The Japan Welding Engineering Society	A
Welding	Welding and allied processes–Vocabulary–Part4:Imperfections in fusion welding	The Japan Welding Engineering Society	A
ceramics	Fine ceramics(advanced ceramics, advanced technical ceramics)–Test method for air purification performance of photocatalytic materials–Part 4:Removal of formaldehyde	Japan Fine Ceramics Association	A
ceramics	Fine ceramics(advanced ceramics, advanced technical ceramics)–Test method for air purification performance of photocatalytic materials–Part 5:Removal of methylmercaptane	Japan Fine Ceramics Association	A
ceramics	Fine ceramics(advanced ceramics, advanced technical ceramics)–Test method for antifungal activity of photocatalytic products under photoirradiation	Japan Fine Ceramics Association	A
ceramics	Carbon fibre–Determination of volume resistivity	The Japan Plastics Industry Federation	A
ceramics	Methods for chemical analysis of sulfur in refractories Part 1: Wet chemical analysis	The Technical Association of Refractories	A
Machine Element	Rolling bearings–Boundary dimensions and tolerances of needle roller bearings–Part 1:Dimension series 48, 49 and 69	Japan Bearing Industrial Association	A
Machine Element	Rolling bearings–Boundary dimensions and tolerances of needle roller bearings–Part 2:Drawn cup without inner ring	Japan Bearing Industrial Association	A
Machine Element	Rolling bearings–Boundary dimensions and tolerances of needle roller bearings–Part 3:Radial needle roller and cage assemblies	Japan Bearing Industrial Association	A
Machine Element	Rolling bearings–Boundary dimensions and tolerances of needle roller bearings–Part 4:Thrust needle roller and cage assemblies, thrust washers	Japan Bearing Industrial Association	A
Machine Element	Rolling bearings–Boundary dimensions and tolerances of needle roller bearings–Part 5:Track rollers	Japan Bearing Industrial Association	A
Machine Element	Test method for sealing behavior of gaskets for pipe flanges	High Pressure Institute of Japan	A
Machine Element	Rolling bearings–Thermal speed rating–Calculation and coefficients	Japan Bearing Industrial Association	A
Machine Element	Condition monitoring and diagnostics of machines–Part1:Requirements for certifying body and the certification process	Japan society of mechanical engineers	A
Machine Element	Condition monitoring and diagnostics of machines–Par2:Vibration condition monitoring and diagnostics	Japan society of mechanical engineers	A

Industrial Machinery	Safety requirements for concrete mixers and plants	Japan Construction Mechanization Association	A
Electrical Technology	Electromagnetic compatibilty testing and measurement techniques of photovoltaic power generating system	The Japan Electrical Manufacturers' Association	B
Electrical Technology	Photovoltaic (PV) module safety qualification – Part 1: Requirements for construction	The Japan Electrical Manufacturers' Association	B
Electrical Technology	Photovoltaic (PV) module safety qualification – Part 2: Requirements for testing	The Japan Electrical Manufacturers' Association	B
Management System	Information technology – Security techniques – Requirements for bodies providing audit and certification of information security management systems	Japan Information Processing Development Corporation	G
Management System	Quality management–Customer satisfaction–Guidelines for codes of donduct for organizations	Japanese Standards Association	G
Management System	Quality management–Customer satisfaction–Guidelines for dispute resolution external to organizations	Japanese Standards Association	G
