

Entrusted Items Concerning Preparation of Draft Proposals for JIS

Newly Established

Divisional Council		T i t l e	Assigned Organization	Contact
Machine Element		Malleable iron and ductile iron valves	Japan Valve Manufacturer's Association	A
Machine Element		Fatigue test method for transmission precision roller chains	Japan Chain Association	A
Industrial Machinery		Mobile road construction machinery—Safety—Part 2 : Specific requirements for road milling machines	Japan Construction Mechanization Association	A
Industrial Machinery		Mobile road construction machinery—Safety—Part 3: Specific requirements	Japan Construction Mechanization Association	A
Industrial Machinery		Mobile road construction machinery—Safety—Part 5 : Specific requirements for floor cutting machines	Japan Construction Mechanization Association	A
Environment and Recycling Policy		Guidelines for arylhydrocarbon receptor/reporter gene assay	Biochemical Assay Society of Japan	B
Environment and Recycling Policy		Refuse derived paper and plastics densified fuel	The Japan Plastics Industry Federation	B
Environment and Recycling Policy		Urine-absorbing aids for incontinence—Measurement of airborne respirable polyacrylate superabsorbent materials—Determination of dust in collection cassettes by sodium atomic absorption spectrometry	Japan Hygiene Products Industry Association	B
Electrical Technology		Hand-held motor-operated electric tools - Safety - Part 2-19: Particular requirements for jointers	The Japan Electrical Manufacturers' Association	B
Electrical Technology		Electrical apparatus for explosive gas atmospheres. Part 10: Classification of hazardous areas	The Japan Electrical Manufacturers' Association	B
Electrical Technology		Appliance couplers for household and similar general purposes - Part 2-2: Interconnection couplers for household and similar equipment	Japanese Standards Association	B
Electrical Technology		Appliance coupler for household and similar general purposes - Part 2-3: Appliance coupler with a degree of protection higher than IPX0	Japanese Standards Association	B
Electrical Technology		Appliance couplers for household and similar general purposes - Part 2-4: Couplers dependent on appliance weight for engagement	Japanese Standards Association	B
Electrical Technology		Appliance couplers for household and similar general purposes - Part 2-100: Couplers for electric heating appliances	Japanese Standards Association	B
Electrical Technology		Safety of power transformers, power supply units and similar - Part 1: General requirements and tests	Japanese Standards Association	B
Electrical Technology		Safety of power transformers, power supply units and similar - Part 2-1: Particular requirements for separating transformers for general use	Japanese Standards Association	B

Electrical Technology	Safety of power transformers, power supply units and similar – Part 2-2: Particular requirements for control transformers	Jaoanese Standards Association	B
Electrical Technology	Safety of power transformers, power supply units and similar devices – Part 2-3: Particular requirements for ignition transformers for gas and oil	Jaoanese Standards Association	B
Electrical Technology	Safety of power transformers, power supply units and similar – Part 2-4: Particular requirements for isolating transformers for general use	Jaoanese Standards Association	B
Electrical Technology	Safety of power transformers, power supply units and similar – Part 2-5: Particular requirements for shaver transformers and shaver supply units	Jaoanese Standards Association	B
Electrical Technology	Safety of power transformers, power supply units and similar – Part 2-6: Particular requirements for safety isolating transformers for general use	Jaoanese Standards Association	B
Electrical Technology	Safety of power transformers, power supply units and similar – Part 2-7: Particular requirements for transformers for toys	Jaoanese Standards Association	B
Electrical Technology	Safety of small power transformers, power supply units and similar – Part 2-8: Particular requirements for bell and chime transformers	Jaoanese Standards Association	B
Electrical Technology	Safety of power transformers, power supply units and similar products – Part 2-9: Particular requirements for transformers for class III handlamps for tungsten filament lamps	Jaoanese Standards Association	B
Electrical Technology	Safety of power transformers, power supply units and similar devices – Part 2-12: Particular requirements for constant voltage transformers	Jaoanese Standards Association	B
Electrical Technology	Safety of power transformers, power supply units and similar devices – Part 2-13: Particular requirements for auto-transformers for general use	Jaoanese Standards Association	B
Electrical Technology	Safety of power transformers, power supply units and similar – Part 2-17: Particular requirements for transformers for switch mode power	Jaoanese Standards Association	B
Electrical Technology	Safety of power transformers, power supply units and similar devices – Part 2-19: Particular requirements for perturbation attenuation	Jaoanese Standards Association	B
Electrical Technology	Safety of power transformers, power supply units and similar devices – Part 2-20: Particular requirements for small reactors	Jaoanese Standards Association	B
Electrical Technology	Safety of power transformers, power supply units and similar devices – Part 2-23: Particular requirements for transformers for construction	Jaoanese Standards Association	B
Electrical Technology	Hand-held motor-operated electric tools – Safety – Part 2-18: Particular requirements for strapping tools	Jaoanese Standards Association	B
Electrical Technology	Hand-held motor-operated electric tools – Safety – Part 2-21: Particular requirements for drain cleaners	Jaoanese Standards Association	B
Electrical Technology	Power cables with extruded insulation and their accessories for rated voltages from 1kV up to and including 30kV – Part 1 : Cables for rated voltages of 0.6/1kV	The Japanese Electric Wire & Cable Makers' Association	B

Electrical Technology	600V Polyvinyl chloride insulated cables	The Japanese Electric Wire & Cable Makers' Association	B
Electrical Technology	600V Cross-linked polyethylene insulated cables	The Japanese Electric Wire & Cable Makers' Association	B
Electrical Technology	600V Ethylene-propylene rubber insulated cables	The Japanese Electric Wire & Cable Makers' Association	B
Electrical Technology	Control cables	The Japanese Electric Wire & Cable Makers' Association	B
Conformity Assessment	Guidelines for drafting of standards suitable for use for conformity assessment	Japan Standards Association	D
Conformity Assessment	Part 2 to Q17021: Conformity assessment – Requirements for third party auditing of management systems	Japan Standards Association	D
