

Entrusted Items Concerning Preparation of Draft Proposals for JIS

Newly Established

Divisional Council	T i t l e	Assigned Organization	Contact
Older persons and persons with disabilities	Hand-rails for medical beds	Japan Assistive Products Association	B
Older persons and persons with disabilities	Transfer boards and bathtub shelves	Japan Assistive Products Association	B
Older persons and persons with disabilities	Duckboards to use in a bathroom and a bathtub	Japan Assistive Products Association	B
Older persons and persons with disabilities	Bathseats to use in a bathtub	Japan Assistive Products Association	B
Welding	Fume data sheets	The Japan Welding Engineering Society	A
Basic Engineering	Pore size distribution and porosity of solid materials by mercury porosimetry and gas adsorption-Part3: Analysis of micro-pores by gas adsorption	The Association of Powder Process Industry and Engineering, JAPAN	A
Basic Engineering	Particle size analysis -Image analysis methods -Part2:Dynamic image analysis methods	The Association of Powder Process Industry and Engineering, JAPAN	A
Basic Engineering	Determination of particle size distributions-Electrical sensing zone method	The Association of Powder Process Industry and Engineering, JAPAN	A
Chemical Products	Plastics-Test specimens	Japan Plastics Industry Federation	A
Chemical Products	Fibre-reinforced plastics -Methods of producing test plates-Part7: Resin transfer moulding	Japan Plastics Industry Federation	A
Chemical Products	Conveyor belts-Guidelines for storage and handling	Japan Belting Manufacturers Association	A
Machine Elements	Geometrical Product Specifications(GPS) Flatness -Part1: Vocabulary and parameters of flatness	The Japan Society of Mechanical Engineers	A
Machine Elements	Geometrical Product Specifications(GPS) Flatness -Part2: Specification operators	The Japan Society of Mechanical Engineers	A
Machine Elements	Geometrical Product Specifications(GPS) Straightness -Part1: Vocabulary and parameters of straightness	The Japan Society of Mechanical Engineers	A
Machine Elements	Geometrical Product Specifications(GPS) Straightness -Part2: Specification operators	The Japan Society of Mechanical Engineers	A

Machine Elements	Geometrical Product Specifications(GPS) Roundness- Part1: Vocabulary and parameters of roundness	The Japan Society of Mechanical Engineers	A
Machine Elements	Geometrical Product Specifications(GPS) Roundness- Part2: Specification operators	The Japan Society of Mechanical Engineers	A
Machine Elements	Geometrical Product Specifications(GPS) Cylindricity- Part1: Vocabulary and parameters of cylindrical form	The Japan Society of Mechanical Engineers	A
Machine Elements	Geometrical Product Specifications(GPS) Cylindricity- Part2: Specification operators	The Japan Society of Mechanical Engineers	A
Testing and Measurement Technology	General concepts and requirements for GPS measuring equipment	The Japan Society of Mechanical Engineers	A
Industrial Machinery	Pneumatic fluid power -Directional control valves-Measurement of shifting time and response time	Japan Fluid Power Association	A
Industrial	Classification of airborne molecular contamination for cleanrooms	Japan Air Cleaning Association	A
Industrial	Light extinction liquid-borne particle counter	Japan Air Cleaning Association	A
Logistics and Distribution of Goods	Cranes - Limiting and indicating devices - Part 3: Tower cranes	Japan Crane Association	A
Logistics and Distribution of Goods	Cranes - Maintenance -Part 1:General	Japan Crane Association	A
Logistics and Distribution of Goods	Cranes - Stiffness - Bridge and gantry cranes	Japan Crane Association	A
Paper and Pulp	Paper and board-Determination of smoothness-Oken method	Japan Technical Association of the Pulp and Paper Industry	B
Paper and Pulp	Paper and board-Determination of the static and kinetic coefficients of friction-Horizontal plane method	Japan Technical Association of the Pulp and Paper Industry	B
Medical Equipment	Electrical ,thermal and LOADING characteristics of X-ray Tube Assemblies for medical diagnosis	Japan Industries Association of Radiological Systems	B
Medical Equipment	Evaluation and routine testing medical imaging departments -Part3-2: Acceptance tests-imaging performance of mammographic X-ray	Japan Industries Association of Radiological Systems	B
Medical Equipment	Magnetic resonance equipment for medical imaging -Part1: Determination of essential image quality parameters	Japan Industries Association of Radiological Systems	B
Medical Equipment	Medical electrical equipment-Requirements for the safety of radiotherapy treatment planning systems	Japan Industries Association of Radiological Systems	B

Medical Equipment	Biological evaluation of medical devices – Part 7: Ethylene oxide sterilization residuals	Japan Medical Devices Manufacturers Association	B
Medical Equipment	Electric bone surgery instrument	Japan Medical Devices Manufacturers Association	B
Protective Equipment for Occupational Safety	Clothing for protection against infectious agents - Medical face mask - Test method for resistance against penetration by synthetic blood (fixed volume, horizontally projected)	Japan Safety Appliance Association	B
Environment and Recycling Policy	Classification of chemicals based on GHS	Japan Chemical Industry Association	B
Electrial Technology	Specification for cellulosic papers fiber electrical purposes Part:3 Specifications for individual materials	Japan Electrical Insulating and Advanced Performance Materials Industrial Association	B
Electrial Technology	Specification for vulcanized fiber for electrical purposes Part:3 Specifications for individual materials	Japan Electrical Insulating and Advanced Performance Materials Industrial Association	B
Electrial Technology	Specification for pressboard and presspaper for electrical purposes Part3: Specifications for individual materials	Japan Electrical Insulating and Advanced Performance Materials Industrial Association	B
Electrial Technology	Electrical strength of insulating materials - Test methods - part 2: Additional requirements for tests using direct voltage	The Institute of Electrical Engineers of Japan	B
Electrial Technology	Electrical strength of insulating materials - Test methods - part 3: Additional requirements for 1,2/50 μ s impulse tests	The Institute of Electrical Engineers of Japan	B
Electrial Technology	Electrostatics - Part 5-1 : Protection of electronic devices from electrostatic phenomena - General requirements	Reliability Center for Electronic Components of Japan	B
Electrial Technology	Low-voltage switchgear and controlgear - Part 7-1:Ancillary equipment Terminal blocks for copper conductors	Nippon Electric Control Equipment Industries Association	B
Electronics	Optical amplifiers - Test methods - Part 11-1: Polarization mode dispersion –Jones matrix eigenanalysis(JME)	Optoelectronic Industry and Technology Development Association	C
Electronics	Polish angle and fiber position on single ferrule multifiber connectors	Optoelectronic Industry and Technology Development Association	C
Electronics	Test Method for the Estimation of the Archival Lifetime of Optical Media (DVD-R/RW/RAM , + R/+RW format)	Optoelectronic Industry and Technology Development Association	C
Electronics	The definition of the term of Nursecall systems	Japan Interphone Industry Association	C
Information Technology	A code of practice for the use of information technology (IT) in the delivery of assessments	Information Technology Standards Commission on Japan	C
