

Entrusted Items Concerning Preparation of Draft Proposals for JIS

Newly Established

Divisional Council	T i t l e	Assigned Organization	Contact
Chemical Products	Waste plastics-Test method for total bromine contents	National institute of advanced industrial science and technology	A
Chemical Products	Crude petroleum and petroleum products—Determination of carbon residue Part1:Conradson method	Petroleum association of Japan	A
Chemical Products	Crude petroleum and petroleum products—Determination of carbon residue Part2:Micro method	Petroleum association of Japan	A
Chemical Products	Crude petroleum and petroleum products—Determination of vapour pressure Part1:Reid method	Petroleum association of Japan	A
Chemical Products	Crude petroleum and petroleum products—Determination of vapour pressure Part2:Triple expansion method	Petroleum association of Japan	A
Chemical Products	Safety fuse for fireworks	Japan pyrotechnics association	A
Electrical	Low-voltage switchgear and controlgear-Controller-device interfaces(CDIs)-part1:General rules	The Japan Elecctrical Manufacturer's Association	B
Electrical	Low-voltage switchgear and controlgear-Controller-device interfaces(CDIs)-part2:Actuator sensor interface(AS-i)	The Japan Elecctrical Manufacturer's Association	B
Electrical	Low-voltage switchgear and controlgear-Controller-device interfaces(CDIs)-part3:DeviceNet	The Japan Elecctrical Manufacturer's Association	B
Electrical	Low-voltage switchgear and controlgear-Part 4-2: Contactors and motor-starters-AC semiconductor motor controllers and starters	The Japan Elecctrical Manufacturer's Association	B
Electrical	Low-voltage switchgear and controlgear-Part 4-3: Contactors and motor-starters-AC semiconductor controllers and contactors for non-	The Japan Elecctrical Manufacturer's Association	B
Information	Keyboard Layout for Information processing equipment	Technology Industries Association(JEITA)	C
