

Entrusted Items Concerning Preparation of Draft Proposals for JIS

Newly Established

| Divisional Council | T i t l e | Assigned Organization | Contact |
|-------------------------------------|---|---|---------|
| Basic Engineering | Graphical symbols - Safety signs - Safety way guidance systems(SWGS) | Japan Safety Appliances Association | A |
| Basic Engineering | Pore size distribution of meso-pores and macro-pores and porosity of solid materials by gas adsorption | The Association of Powder Process Industry and Engineering, JAPAN | A |
| Logistics and Distribution of Goods | Cranes-Graphical symbols-Part 2: Mobile cranes | Japan Crane Association | A |
| Logistics and Distribution of Goods | Cranes-Graphical symbols-Part 3: Tower cranes | Japan Crane Association | A |
| Medical Equipment | Testing method for durability of artificial knee joints | National Institute of Advanced Industrial Science and Technology | B |
| Medical Equipment | Testing method for durability of artificial hip joints | National Institute of Advanced Industrial Science and Technology | B |
| Consumer Life | Standard use conditions, standard acceleration mode and test conditions for domestic gas and oil burning bath boilers | Japan Industrial Association of Gas and Kerosene Appliances | B |
| Consumer Life | Standard use conditions for FF type Warm air oil-furnaces | Japan Industrial Association of Gas and Kerosene Appliances | B |
| Electrical | Standard use conditions for Built-in type dishwashers to derive Standard use period in design | The Japan Electrical Manufacturers' Association | B |
| Electrical | Standard use conditions for electric bath dryers to derive Standard use period in design | The Japan Electrical Manufacturers' Association | B |
| Electrical | Standard use conditions for electric clothes washing machines to derive Standard use period in design | The Japan Electrical Manufacturers' Association | B |

| | | | |
|------------|--|---|---|
| Electrical | Standard use conditions for electric fans to derive Standard use period in design | The Japan Electrical Manufacturers' Association | B |
| Electrical | Standard use conditions for electric ventilating fans to derive Standard use period in design | The Japan Electrical Manufacturers' Association | B |
| Electrical | Standard use conditions for cathode-ray- tubes type receivers for television broadcast transmissions to derive Standard use period in design | The Japan Electronics and Information Technology Industries Association | B |
| Electrical | Standard use conditions for room air conditioners to derive Standard use period in design | The Japan Refrigeration and Air Conditioning Industry Association | B |
