

Entrusted Items Concerning Preparation of Draft Proposals for JIS

Newly Established

Divisional Council	T i t l e	Assigned Organization	Contact
Non-Ferrous Metals	Magnesium alloy forgings	Japan Magnesium Association	A
Basic Engineering	Sampling and sample splitting for the determination of particulate properties	The Association of Powder Process Industry and Engineering, JAPAN	A
Basic Engineering	Water safety signs and beach safety flags Part 1:Specifications	Japan Safety Appliances Association	A
Basic Engineering	Water safety signs and beach safety flags Part 3:Guidance for use	Japan Safety Appliances Association	A
Chemical Products	Plastics Polyols for use in the production of polyurethanes Part 7 :Determination of basicity (total amine value), expressed as percent nitrogen	THE JAPAN RUBBER MANUFACTURERS ASSOCIATION	A
Chemical Products	Determination of the ultimate aerobic biodegradability of plastic material under controlled composting conditions-Method by analysis of evolved carbon dioxide- Part 1:General method	THE JAPAN RUBBER MANUFACTURERS ASSOCIATION	A
Chemical Products	High reflectance of solar heat paint for roof	Japan Paint Manufacturers Association	A
Industrial Machinery	Monitoring the level of particulate contamination of the fluid - Part 3 : Use of the filter blockage technique	Japan Fluid Power Association	A
Industrial Machinery	Refrigerated display cabinets	THE IAPAN REFRIGERATION AND AIR CONDITIONING INDUSTRY	A
Logistics and Distribution of	Industrial trucks - Electrical requirements	Industrial trucks - Electrical requirements	A
Steel	Method of corrosion test for stainless steel tube fittings	Japan Stainless Steel Association	A
Steel	Iron and steel - Determination of sulfur content - Part 1: Gravimetric method after separation of iron	The Japan Iron and Steel Federtion	A
Steel	Iron and steel Determination of sulfur content Part 2: Gravimetric method after chromatographic separation	The Japan Iron and Steel Federtion	A
Steel	Iron and steel - Determination of sulfur content - Part 3: Methylene blue spectrophotometric method after separation of hydrosulfide	The Japan Iron and Steel Federtion	A

Steel	Iron and steel - Determination of sulfur content - Part 4: Infrared absorption method after combustion in an induction furnace	The Japan Iron and Steel Federation	A
Architecture	Guideline for metal fittings in housing doors and windows used by elderly and disabled people	Japan Sash Manufacturers Association	A
Paper and Pulp	Pulps -- Determination of fibre length by automated optical analysis -- Part 2: Unpolarized light method	Japan Technical Association of the Pulp and Paper Industry	B
Environment and Recycling Policy	Environmentally Conscious Design for Electrical and Electronic Products	The Japan Electrical Manufacturers' Association	B
Electronics	Fiber optic connector optical interfaces - Part 2-1: Optical interface standard single mode non-angled physically contacting fibers	Optoelectronic Industry and Technology Development Association	C
Electronics	Fiber optic connector optical interfaces - Part 2-2: Optical interface standard single mode angled physically contacting fibers	Optoelectronic Industry and Technology Development Association	C
Electronics	Fiber optic connector optical interfaces - Part 3-1: Optical interface, 2.5 mm and 1.25 mm diameter cylindrical full zirconia PC ferrule, single mode fiber	Optoelectronic Industry and Technology Development Association	C
Electronics	Fiber optic connector optical interfaces - Part 3-2: Optical interface, 2.5 mm and 1.25 mm diameter cylindrical full zirconia ferrules for 8 degrees angled-PC single mode fibers	Optoelectronic Industry and Technology Development Association	C
Electronics	General rules of fibre optic WDM devices	Optoelectronic Industry and Technology Development Association	C
Electronics	Optical amplifiers - Test methods - Part 3-1:Noise figure parameters - Optical spectrum analyzer method	Optoelectronic Industry and Technology Development Association	C
Electronics	Semiconductor devices-Micro-electromechanical devices - Part 4:Axial fatigue testing methods of thin film materials	Micromachine Center	C
Information Technology	Information technology - Digitally recorded media for information storage-Data migration method for DVD-R, DVD-RW, DVD-RAM, +R, and +RW	Optoelectronic Industry and Technology Development Association	C
Information Technology	Map representation and services for SVG	Japan Information Processing Development Center	C
Information Technology	Information technology Office equipment Method for measuring digital printing productivity	Japan Business Machine and Information System Industries	C
Information Technology	Information technology Office equipment Method for measuring digital copying productivity	Japan Business Machine and Information System Industries	C
Information Technology	Accessible User Interface for Accessibility Settings	Japan Business Machine and Information System Industries	C
Electronics	Audio/video, information and communication technology equipment - Environmentally conscious design	Japan Business Machine and information System industries	C

Electronics	Dependability management-Part 1: Dependability management systems	Japanese Standards Association	C
Electronics	Dependability management-Part 2: Guidelines for dependability management	Japanese Standards Association	C
Electronics	Dependability management Part 4-3: Analysis techniques for system reliability - Procedure for failure mode and effects analysis (FMEA)	Japanese Standards Association	C
