

Entrusted Items Concerning Preparation of Draft Proposals for JIS

Newly Established

Divisional Council	T i t l e	Assigned Organization	Contact
Civil Engineering	Method of test for production control of concrete - Test method for density of Recycling water	National Federation Ready-mixed Concrete Industrial Associations	A
Architecture	Thermal performance of windows and doors - Calculation of thermal transmittance - Part 1: General	Japan Construction Material & Housing Equipment Industries Federation	A
Architecture	Thermal performance of windows and doors - Calculation of thermal transmittance - Part 2: Numerical method for frames	Japan Construction Material & Housing Equipment Industries Federation	A
Iron and Steel	Method for chemical analysis of ferromanganese-part 1:Methods for determination of manganese	Japan Ferroalloy Association	A
Iron and Steel	Method for chemical analysis of ferromanganese-part 2:Methods for determination of carbon	Japan Ferroalloy Association	A
Iron and Steel	Method for chemical analysis of ferromanganese-part 3:Methods for determination of silicon	Japan Ferroalloy Association	A
Iron and Steel	Method for chemical analysis of ferromanganese-part 4:Methods for determination of phosphorus	Japan Ferroalloy Association	A
Iron and Steel	Method for chemical analysis of ferromanganese-part 5:Methods for determination of sulfur	Japan Ferroalloy Association	A
Iron and Steel	Method for chemical analysis of ferromanganese-part 6:Methods for determination of boron	Japan Ferroalloy Association	A
Iron and Steel	Method for chemical analysis of ferrochromium-part 1:Methods for determination of chromium	Japan Ferroalloy Association	A
Iron and Steel	Method for chemical analysis of ferrochromium-part 2:Methods for determination of carbon	Japan Ferroalloy Association	A
Iron and Steel	Method for chemical analysis of ferrochromium-part 3:Methods for determination of silicon	Japan Ferroalloy Association	A
Iron and Steel	Method for chemical analysis of ferrochromium-part 4:Methods for determination of phosphorus	Japan Ferroalloy Association	A
Iron and Steel	Method for chemical analysis of ferrochromium-part 5:Methods for determination of sulfur	Japan Ferroalloy Association	A
Iron and Steel	Method for chemical analysis of ferrochromium-part 6:Methods for determination of nitrogen	Japan Ferroalloy Association	A
Basic Engineering	Surface chemical analysis - Medium - resolution Auger electron spectrometers - Calibration of energy scales for elemental analysis	Japanese standards association	A

Basic Engineering	Surface chemical analysis -- High-resolution Auger electron spectrometers -- Calibration of energy scales for elemental and chemical-state analysis	Japanese standards association	A
Basic Engineering	Surface chemical analysis -- Auger electron spectroscopy and X-ray photoelectron spectroscopy -- Guide to the use of experimentally determined relative sensitivity factors for the quantitative analysis of homogeneous materials	Japanese standards association	A
Basic Engineering	Surface chemical analysis-Information format for static secondary-ion mass spectrometry	Japanese standards association	A
Chemical Products	Rubber,vulcanized or thermoplastic Determination of hardness Part 1:General guidance	Japan Rubber Manufacturers Association	A
Chemical Products	Rubber,vulcanized or thermoplastic Determination of hardness Part 2:IRHD method (hardness between 10 IRHD and 100 IRHD)	Japan Rubber Manufacturers Association	A
Chemical Products	Rubber,vulcanized or thermoplastic Determination of hardness Part3:Durometer method	Japan Rubber Manufacturers Association	A
Chemical Products	Rubber,vulcanized or thermoplastic Determination of hardness Part 4:IRHD Pocket meter method	Japan Rubber Manufacturers Association	A
Chemical Products	Rubber,vulcanized or thermoplastic Determination of hardness Part 5:Calibration and verification of hardness testers	Japan Rubber Manufacturers Association	A
Chemical Products	Rubber,raw Determination of the glass transition temperature by differential scanning calorimetry (DSC)	Japan Rubber Manufacturers Association	A
Chemical Products	Elastomeric seismic-protection isolators for bridges -- Specificatons	Japan Rubber Manufacturers Association	A
Chemical Products	Elastomeric seismic-protection isolators for bridges -- Test methods	Japan Rubber Manufacturers Association	A
Chemical Products	Plastics--Homopolymer and copolymer resins of vinyl chloride-determination of residual vinyl chloride monomer --gas chromatographic method on dry powder	The Japan Plastics Industry Federation	A
Ceramics	Test method for thermal diffusivity and interfacial thermal resistance of multi-layer thin films	Japan Fine Ceramics Association	A
Ceramics	Measurement method for thermal diffusivity of thin film with light pulse thermorefectance method	Japan Fine Ceramics Association	A
Ceramics	Testing method for wear resistance of high performance ceramics under lubrication by ball-on-disc method	Japan Fine Ceramics Association	A
Machine Elements	Plain bearings -- Appearance and characterization of damage to metallic hydrodynamic bearings -- Part 1: General	The Japan Society of Mechanical Engineers	A

Machine Elements	hydrodynamic bearings -- Part 2: Cavitation erosion and its countermeasures	The Japan Society of Mechanical Engineers	A
Testing and Measurement	Designation of microscope objectives - Part 2: Chromatic correction	Japan Microscope Manufacturers' Association	A
Testing and Measurement	Alternating-current static meters for reactive energy Part 1 : General measuring instrument	Japan Electric Measuring Instruments Manufactures' Association	A
Testing and Measurement	Alternating-current static meters for active energy (classes 1 and 2) Part 1 : General measuring instrument	Japan Electric Measuring Instruments Manufactures' Association	A
Testing and Measurement	Alternating-current static meters for active energy (classes 0.2 and 0.5) Part 1 : General measuring instrument	Japan Electric Measuring Instruments Manufactures' Association	A
Industrial Machinery	Pneumatic fluid power – Assessment of component reliability by testing – Part 2:Directional control valves	Japan Fluid Power Association	A
Industrial Machinery	Crawler type recycle machine of construction wastes - Safety - Part 2: Requirements for mobile wood crusher	Japan Construction Mechanization Association	A
Logistics and Distribution of Goods	Cranes-Test code and procedures	Japan Crane Association	A
Paper and Pulp	Paper and board - Compressive strength - Short span test	Japan Technical Association of the Pulp and Paper Industry	B
Paper and Pulp	Pulps - Laboratory wet disintegration - Part 1:Disintegration of chemical pulps	Japan Technical Association of the Pulp and Paper Industry	B
Paper and Pulp	Pulps - Laboratory wet disintegration - Part 2:Disintegration of mechanical pulps at 20	Japan Technical Association of the Pulp and Paper Industry	B
Medical Equipment	General requirements for intravascular catheters (仮)	Japan Medical Devices Manufacturers Association	B
Medical Equipment	Electrical and loading characteristics of X-ray tube assemblies for medical diagnosis	Japan Industries Association of Radiological System	B
Medical Equipment	Medical electrical equipment - Medical image display systems - Part 1 Evaluation methods	Japan Industries Association of Radiological System	B
Electrical Technology	Methods of the Luminous Intensity Distribution Measurement for Luminaires	The Illuminating Engineering Institute of Japan	B
Electrical Technology	Lighting for Sports	The Illuminating Engineering Institute of Japan	B
Electrical Technology	Fire hazard testing - Part 1-10 : Guidance for assessing the fire hazard of electrotechnical products – General guideline	Reliability Center for Electronic Components of Japan	B
Electrical Technology	Electrostatics - Part 4-7:Standard test Methods for specific applications – Ionization	Reliability Center for Electronic Components of Japan	B

Electrial Technology	Low-voltage switchgear and controlgear –Part 7-2: Ancillary equipment – Protective conductor terminal blocks for copper conductors	Nipon Electric Control Equipment Industries Association	B
Electrial Technology	Self-ballasted LED-lamps for general lighting service > 50V - Performance requirements	JAPAN ELECTRIC LAMP MANUFACTURERS ASSOCIATION	B
Electrial Technology	Photobiological safety of lamps and lamp systems	JAPAN ELECTRIC LAMP MANUFACTURERS ASSOCIATION	B
Electrial Technology	Requirements for balanced biaxially oriented polyethylene naphthalate (PEN) films used for electrical insulation	Japan Electrical Insulating and Advanced Performance Materials Industrial Association	B
Electronics	Measurement methods and test procedures – Polarization mode dispersion	Optoelectronic Industry and Technology Development Association	C
Electronics	Fiber optic interconnecting devices and passive components – Basic test and measurement procedures – Part 2-15: Tests - Torque strength of coupling mechanism	Optoelectronic Industry and Technology Development Association	C
Electronics	Fiber optic interconnecting devices and passive components - Basic test and measurement procedures - Part 3-15: Examinations and measurements – Dome eccentricity of a convex polished ferrule endface	Optoelectronic Industry and Technology Development Association	C
	Activities relating to drinking water and wastewater services - Guidelines for the management of wastewater utilities and for the assessment of wastewater services	Japan Sewage Works Association	
	Activities relating to drinking water and wastewater services - Guidelines for the management of drinking water utilities and for the assessment of drinking water services	Japan Sewage Works Association	
	Activities relating to drinking water and wastewater services - Guidelines for the assessment and for the improvement of service to users	Japan Sewage Works Association
